It's easy to pay at a chip-enabled terminal:

1 Insert the chip end of the card into the chip-enabled terminal with the chip facing up.

2 Keep the card in the terminal throughout the transaction and follow the prompts on screen. (If you remove your card too soon, your purchase will be canceled)

3 Remove your card when prompted and take your receipt.

Keep in mind, you may need to sign for your purchase.

If a merchant is not yet chip-enabled, you can still swipe your card to pay.
