

### Address Changes

For your protection against fraud and for security purposes, we do not accept address changes through our web site. We can accept the changes in person at one of our branches, in writing by mail, or you can fax the change to us. We will need your new address, phone number, account number, and signature. Your signature will be matched to the signature we have on file for you before any changes are made. This method of changing addresses is to protect you from identity theft.

Please come visit us, or mail or fax the information to the branch you normally use.
